

COST SAVING SUSTAINABLE SOLUTIONS

INSIDE EDGE COMMERCIAL INTERIOR SERVICES ACQUIRES PROCOAT PRODUCTS, INC.

October 11th, 2021

INSIDE EDGE COMMERCIAL INTERIOR SERVICES ACQUIRES PROCOAT PRODUCTS, INC.

Company Announcement

Eagan, MN (October 11th, 2021) — Inside Edge Commercial Interior Services, the nation's leading flooring installation and project management company, has acquired ProCoat Products Inc., an innovative provider of sustainable coating solutions for acoustical ceilings and fixture restorations. ProCoat operates out of the Boston, MA area, servicing the US and beyond.

“We’ve had a long-standing relationship with ProCoat over the years as we’ve both strived to provide quality products and services to the Retail and Grocery Industries. We’ve always respected their entrepreneurial spirit and commitment to the customer, which will make the alliance of our two companies seamless.”, said David Moeller, CEO of Inside Edge.

The acquisition of ProCoat fits into Inside Edge’s strategy to offer a full range of services, beyond just flooring, to customers across multiple market segments. With the recent strategic partnership with Revolv+, and now the acquisition of ProCoat, Inside Edge has the ability to service customer’s flooring, wall, and ceiling needs.

“ProCoat, the pioneer of Ceiling Restoration, is extremely excited about this next chapter of our story. With the continual growth ProCoat has experienced in its evolution into the Educational and Commercial markets, in addition to our established presence in Retail Construction, we have been looking for a partner with the right infrastructure and company culture to help support this

development.”, says Lisa Schwartz, President of ProCoat Products, Inc. “We feel we have identified that partner with Inside Edge, who shares in our passion to deliver value, quality and expanded services to our mutual and individual clients.”

About ProCoat Products, Inc.

ProCoat Product Inc. provides sustainable solutions that allow clients to easily and cost-effectively, repurpose their existing acoustical ceilings, fixtures, and other substrates by resurfacing them with high-quality coatings, preventing needless landfill growth.
