## 1. PRODUCT NAME

*ProCoat Acoustical Tile Restorer*

## 2. MANUFACTURER

**ProCoat Products Inc.**

260 Centre Street, Suite D

Holbrook, MA 02343

PH: (781)767-2270

FAX: (781) 767-2271

[www.procoat.com](http://www.procoat.com) E-mail: [info@procoat.com](mailto:info@procoat.com)

## 3. PRODUCT SUMMARY

*Procoat Acoustical Tile Restorer* is packaged in aerosol and is used to touch up stains on acoustical ceiling tiles. It is not a traditional paint and does not seal the pores of the tiles, damaging the acoustical properties. The low odor, quick dry formulation requires no surface preparation other than the removal of loose soot, dust, etc.

## 4. APPLICATION

When spraying a complete tile, remove and place on a flat surface before spraying. For smaller jobs (i.e., touch up) tiles may be sprayed in place, covering the area below before spraying.

Before spraying, read the directions on the label regarding product preparation and use as well as what to do prior to storing the partially used canister.

## 5. SAFETY NOTES

Vapor may be harmful as it contains methylene chloride. Use with adequate ventilation. Avoid prolonged breathing of the vapor. Avoid direct contact with the eyes.

When spraying over head, use goggles to protect the eyes. For excessive SKIN CONTACT, WASH WITH SOAP AND WATER. For eye contact, flush with water for 15 minutes. If irritation persists, seek medical attention. If swallowed, contact a physician immediately.

Contents under pressure. Do not expose to heat or direct sunlight, or store at temperatures over 120 F. Use only as directed. **KEEP OUT OF REACH OF CHILDREN.**

## 6. ACOUSTICAL EFFECTS

When properly applied, the application of **ProCoat Acoustical Tile Restorer** will not create a measurable change in the acoustical properties of the ceiling.
